## INDEPENDENT LIVING

For the independent senior adult with an active lifestyle, **Wesley Townhomes** and **Asbury Apartments** are great options. Townhome residents pay an entry fee and down the road, once they are no longer living in the home and it is resold, 80% of the original entry fee is returned to the resident or their estate.

Our apartments offer an independent lifestyle in a modern two-story apartment building. They are rented on a month-to-month basis with no long term lease or entry fee.

Both options include dining in our private dining room, large closet, large private bathroom, laundry hookups, major appliances, all lawncare, maintenance and housekeeping services and a variety of activities to choose from.

## TRINITY ASSISTED LIVING

For the independent senior adult requiring assistance or medication management, **Trinity Assisted Living** is a great option. Each private apartment has a kitchenette, large closet and large bathroom, medical care, around the clock staffing and includes all laundry, housekeeping and maintenance. Assisted living requires no lease or purchase and is on a month-to-month basis. We offer an exclusive full service dining room as well as a full activity schedule.

## SHORT TERM REHAB / SKILLED NURSING

No one wants it to happen, but we all have unexpected accidents or illnesses. We offer a wing of our campus for **short term rehab or skilled nursing**. It allows recovery from surgery or illness with medical attention and support without causing family lifestyles to change to accommodate recovery or the fear of being home alone. We are proud to have **Summit Care Therapy** on site to provide physical, speech and occupational therapy to our residents.

## LONG TERM CARE

Our **Long Term Care Facility** prides itself in exceptional service. Long term care residents enjoy a busy activity schedule, visits from family, friends and volunteers, great food as well as compassionate personalized care. We offer on-site spiritual support through the chaplaincy department and our social services department serves as a resource center for both residents and families.

## GRACE MEMORY CARE

Our **Grace Memory Support Center** is a safe, secure wing of our facility with dedicated staff that serves residents and family members living with Alzheimer's and dementia. Our center allows family and friends to visit and participate in the daily lives of our residents. The residents enjoy an active activity schedule as well as visits to our secure outdoor courtyard with a walking trail, bird feeders, raised garden beds and an outdoor seating area.

## Our Mission

*The mission of The Commons is to enhance the lives of those we serve in the spirit of Christ by providing an environment where physical, emotional and spiritual needs are nurtured.*

## The Faith-Based Difference

The Commons' affiliation with the United Methodist Church creates an environment where Christian faith is neither required nor discouraged. We strive to lead by principles of faith while being careful to not exclude residents or staff members with other beliefs.

## The Not-For-Profit Difference

We are committed to the highest standards in our business practices and are focused exclusively on our mission rather than profits. We believe that our residents, their families, our employees and our communities all benefit from our non-profit status.

## Community Resources

Whether you are just beginning the process or are farther along in your journey, we are here to answer your questions, talk through your concerns, direct you to resources or just provide a listening ear.
